

Soil Submission Form for shipping kiwifruit soils and root samples from North Island to Lab

Sampling Instructions: please ensure all information and procedures are adhered to:

- Take several representative 2-2.5cm diameter cores from the upper 10-12cm of the soil from within the vine rows about 1m from the trunk. (about 2 handfuls of soil in total)
- Place the soil sample with roots in double-bagged A4 zip locked plastic bags. **Tools & footwear must be washed and sanitised between sites :Refer KVH Best Practice Orchard Hygiene and KVH info sheet-Sanitisers eg 1% Janola mixed with water**
- Mark each bag clearly with Crop Name (ie Kiwifruit) Orchard and Sample name, plus KPIN. Ensure the Submission form is **fully** completed and supplied with soil and root samples. .
- Send sample via NZ Courier over night to: Soil Foodweb NZ, 107 Argelins Road, Hanmer Springs, 7334. North Canterbury
- Report will be forwarded within 10 working days from receipt of sample.
